- Review policy of nominations for Good Sportsmanship Award. (from 1/20/11) meeting
- AKC Draft Dog Titles

12. New Business

- Discussion Item: For possible referral to the Technical Resources Committee—request for monthly AKC Stud Book information distribution to Karin Butenhoff for her Newfoundland Database. (Mary L. Price)
- Motion: Request that the NCA website add the following statement to the link for the NCA Database: Some Newfoundlands with OFA health listings may not be included. (Jacqueline Brellochs)

Rationale: When I emailed a puppy inquirer if he had checked all the dogs (parents of 3 litters that were being considered) on the OFA website, the answer was that he had checked the newfoundlanddog-database for OFA results..."One of the problems we have with the database is so many dogs have no results. Being novices at this, we were not sure if all X-rayed dogs are entered or if there is an option of registering in the data base." After receiving this, I checked out my Pandaga's Macada, OFAEx/EL as well as an OFA'd stud I bred to in the recent past...neither was in the NCA database.
